ABOUT
GUIYANG

SCHOOL PROFILE

Guizhou city vocational college(GCVC) is a private, full-time, regular higher education institution offering associate degree programs. It was established with the approval of the Guizhou Provincial People's Government, is registered with the Ministry of Education, and is included in the national unified enrollment plan. The school is located in the beautiful Guiyang Huaxi university Town, covers an area of 1,446 acres, has more than 10,000 students, and has delivered more than 60,000 high-quality technical talents to the society. The school has consistently upheld high standards in educational capacity and high-quality integration of industry and education. With the goal of serving local economic development and facilitating high-quality employment for students, it is accelerating the development of a higher vocational college with distinctive academic programs, thereby promoting the steady and sustainable advancement of vocational education.

Since
2001
